

Dear Parent and Guardians,

June 15th, 2020

The school district emailed the following information to all employees:

SD 52 Playgrounds will be reopening for district use Monday June 8th. Equipment will not be regularly sanitized, so students should wash hands before and after using the playgrounds and are to maintain physical distancing while on the playground.

Public will be permitted to use the playgrounds after school hours at own risk. Signs have been posted to remind the public to not use the playground if sick, if using the playground to wash hands regularly and to maintain physical distancing.

There is also another attachment to this email which is a sign you will see posted around the Lax Kxeen playground area.

Please call the school at 250 624-6218 if you have any questions or concerns.

Sincerely,

Susan Kobza, Principal
